

Plant Early. Grow Strong.

early reading first

## Little Sprouts and the Diversity Advantage

Little Sprouts has been a leader in providing award winning early education since 1982. As group of humanitarians, we trust in the power of literacy- social, emotional, intellectual and physical- to change the world. We believe in the commonality of humanity. We embrace that unity is best achieved by celebrating diversity. Little Sprouts schools support children, families, and educators that reflect 56 cultures speaking 23 languages from all walks of social, economic, religious and ethnic backgrounds.

### Languages and Cultures Reflected in Little Sprouts' Families
