Family

Infant Activities

Creative Expression

Standard: Focus attention on interesting sight or sounds, often in shared experiences with adults
React to stimulation in the environment. This includes drawings, sculptures or painting

Family Handprint Apple Tree:

<https://www.icanteachmychild.com/family-handprint-apple-tree/>

Sign Language

Standard: Remember language heard repeatedly in stories, poems, and interactive language experiences

Sign the words- **Family related sign words**

Sensory

Standard: Explore objects, activities, and environments - If your infant can grasp objects and sit, either with your support or independently, give them a toy to hold and explore. Younger infants may simply hold on to the toy with one hand, while older infants may transfer the toy from one hand to another. Present a new toy and observe what your child does (e.g., they might glance at the new toy but choose to continue exploring the first one or drop the first toy and grab the new one). Older infants will enjoy sitting on the floor with toys spread around them and may reach for and pick up two toys, one in each hand; exploring toys by looking first at one toy and then at the other; or placing one of the toys in their mouth, followed by the other one

Music and Movement

Standard: Respond to music by joining in on one or two words in a song or moving physically upon hearing a familiar melody or rhythm:
