Toddler Activity

SPRING FLOWER FINE MOTOR TRAY ACTIVITY

This super simple spring activity packs some wonderful skill practice for both hand-eye coordination and fine motor skills. As children find and fit the flowers into the holes they are using their hand-eye coordination skills and as they pinch the stem and press them into the floral foam under the colander they are giving their fine motor skills a workout

Preschool Activity

Scissor Practice Flowers

These scissor practice flowers are great for working on simple cutting skills, squeezing and pincer grip.
