

# Learning at Home

with  
**little  
Sprouts** 

In the Pumpkin Patch

# Infant Activities

## Creative Expression

Standard: Focus attention on interesting sight or sounds, often in shared experiences with adults  
React to stimulation in the environment. This includes drawings, sculptures or painting

**Pumpkin Finger Painting:** For this pumpkin finger- painting activity, I drew a simple outline of a pumpkin on a piece of construction paper. Provide your infant with paint by dabbing a little of the paint onto the paper. You may have to place your child's hand into the paint to get them started.

Talk about the texture of the paint: smooth, cool, slippery. Talk about the shape of the pumpkin: "You are painting a pumpkin shape. It is round and has a stem." You could provide only one color or offer a couple so that some color mixing can occur.

## Sensory

Standard: Explore objects, activities, and environments

**Pumpkin Sensory:** Cut open a pumpkin and let your infant see what is inside. Place the opened pumpkin in a dishpan or baking dish so your child can get their hands into it. Children love playing with pumpkin guts! Be careful with little ones who are still mouthing everything, but they can touch too.

If you prefer a clean exploration, scoop out some of the pumpkin guts and place them in a zip top bag.

## Sign Language

Standard: Remember language heard repeatedly in stories, poems, and interactive language experiences

Sign the word- pumpkin

<https://www.babysignlanguage.com/dictionary/p/pumpkin/>

## Music and Movement

Standard: Respond to music by joining in on one or two words in a song or moving physically upon hearing a familiar melody or rhythm:
