

What Will My Child Learn?

## FRIDAY

### *Infant Activity*

Scented Scarves: Give your child a scarf with a family member's scent on it. Let your baby manipulate the scarf.

### *Toddler Activity*

#### Family Faces Craft

Materials Needed: paper plates (many!), markers, pre-cut yarn in different colors, buttons or googly-eyes, glue, craft sticks.

Use the materials to make the faces of family members.

Ask questions to help your child(ren) like "What color eyes does your Mom have? What color hair? Does your dad have a beard?"

### *Preschool Activity*

Photograph your next family outing outdoors and write a brief description of your day.

As a family, look at the pictures and discuss.

This activity will help children recall something that took place in the past and make connections
