to learn more about our program and availability.

\*Age ranges are approximate as pricing may be based on classroom availability, developmental readiness, or other influencing factors.

Please note: Tuition rates subject to change at Little Sprouts' discretion. Market rates change regularly so stated rates above are not guaranteed. The rate quoted may change by the time you begin in the school (e.g., if you are accepted off the waitlist at a future time, if rates change between this quote and the time you choose to register, etc.). Tuition rates can only be guaranteed with a deposit to reserve your space. Rate decreases between age groups are not guaranteed. You will be offered the market rate for the specific age group to which your child transitions as your child moves up through the school. Annual tuition increases may apply for current families.
